

# JOHAN NILSON

Johan was born in Sweden and moved to California with his family when he was 10 years old.

That summer he broke his leg. In a full leg cast, out of boredom, he picked up a guitar and started a life-long love affair!

He attended Musicians Institute. Immediately after graduation he began working with musicals,

touring Europe, Canada and the US.

Johan has opened for Alana Morissette, Bryan Adams, Robbie Williams and others.

He has played and performed with members of many groups including: Sting, David Bowie,

Rod Stewart, Frank Sinatra, Bette Midler, Boston Pops and John Lee Hooker.

Johan is a fan of Fusion Jazz. His CD "Earsick" is popular in Europe.

Currently, he is the Bassist for Loud Angel.

Johan lives a quiet life with his wife Ironica in their home on the island. He is a certified scuba diver,

pilot and sky diver. He dives into quantum physics and all things "science".
